

Home and Yacht

«People talk about how things look, feel, and taste but rarely think about what they hear. We address that because our technology allows us to reconstitute a full, three-dimensional, dynamic sound space with a frequency range that all of your hearing senses can capture. The dedicated L-Acoustics Home & Yacht team takes professional audio products from the L-Acoustics portfolio and designs them to provide the ultimate stereo, surround, or Hyperreal immersive listening experiences within architectural settings, whether that be on land or at sea.»

— Christian Heil
President & Founder, L-Acoustics

Immerse yourself in extraordinary sound, at home or at sea.

L-Acoustics, the exclusive purveyor of high-fidelity audio, brings the magic of sound directly to your living space or yacht. Since 1984, we've been the leading innovator in European-designed and manufactured sound systems, crafting unforgettable experiences for even the most discerning listener.

Experience sound that moves you.

Our award-winning technologies, trusted by the world's biggest music festivals and premier venues, are now available to bring that same excellence to your private sanctuary. Imagine concerts coming alive in your living room or your favorite movies transporting you to another world. On your yacht, create the perfect soundtrack for your unique moments at sea, whether a lively gathering or a tranquil escape.

Unmatched Innovation & Unwavering Commitment

Our dedicated team pushes the boundaries of sound technology, with science heavily rooted in our research and development and a commitment to eco-conscious design. This dedication has resulted in industry-leading systems like the first globally used line source array and the L-ISA immersive sound experience.

Global Support, Exceptional Service

With locations in Paris, Los Angeles, London, and Singapore and a network of certified professionals in 80 countries, L-Acoustics ensures exceptional service and support wherever you are.

Transform your space. Elevate your sound. Discover L-Acoustics.

1984 – L-Acoustics founded

1994 – V-Dosc launched

2011– K1 debut at Coachella

2016– L-ISA launched

2024– HYRISS

X4r inWall, SB10i Subwoofer with LA2Xi Amplified Controller

Quiet Luxury

Experience powerful sound without the bold appearance. Our integrated products are designed to seamlessly blend into any interior, delivering the renowned L-Acoustics performance. Perfectly complementing all styles of interior design and architecture, enjoy big sound with subtle elegance.

KS21i, A15i with LA4X Amplified Controller

Big and Bold

Bring professional performance to your home, whether hosting a DJ, a band, or even karaoke. Trust the brand favored by the world's top sound engineers. Customize our systems to your preferences and ensure you get the perfect performance for your space.

Syva, Syva Low, Syva Sub, X4i, SB6i & LA7.16i Amplified Controllers

Dynamic Cinema

Discover the power of dynamics in your home cinema. High Sound Pressure Levels (SPL) don't just make big explosions feel real; they also highlight the smallest details, bringing every scene to life with stunning clarity. With Soundvision, you can understand how your room will perform acoustically, ensuring an immersive experience tailored to your space.

Our end-to-end solution includes cutting-edge digital amplification and speakers designed to blend seamlessly into the room's fabric, providing an exceptional audio experience without compromising your décor. Transform your home cinema into a breathtaking entertainment space where every sound is felt, and every detail is heard.

Syva, Syva Low, X8, X4i with LA4X & LA2Xi Amplified Controllers

Loud Landscape

Transform your outdoor space into an elite entertainment venue with the same top-tier sound systems used in major festivals, clubs, and concerts worldwide. Bring the energy of exclusive beach clubs to your backyard, hosting DJ performances and live bands with unparalleled audio quality. Our products are built to withstand outdoor conditions, featuring robust construction and advanced line array technology that ensures fantastic coverage for any event. Take your party outside and experience professional-grade sound that captivates every guest.

Soka inWall, SB10r inWall with LA4X Amplified Controllers

Ride the Waves with Rider-Friendly Sound

Onboard entertainment is a staple, but renting PA systems for live bands and DJs can be unsightly and impractical. With built-in L-Acoustics systems, your yacht becomes instantly «rider-friendly.» Enjoy concert-grade sound seamlessly integrated into your vessel, offering flexibility for all entertainment needs—whether it's a DJ, live band, streaming, or cinema. Our MIL-grade tested products ensure durability, even in the harshest environments.

HYRISS
One Space. Endless Experience

HYRISS redefines your relationship with sound. It gives you ultimate control over your sonic environment, transforming any room into a concert hall, cinema, or a haven of tranquility. Go beyond surround sound and experience music with unprecedented depth and spatial dimension. HYRISS adapts to you, offering personalized soundscapes and dynamic acoustics for any activity. It's more than a sound system; it's a gateway to extraordinary auditory experiences, a temple for your ears.

Solutions for Every Scenario

Whether you need big or small products, our solutions fit every scenario. Choose from in-wall, in-ceiling, or freestanding options in various RAL color-matching options to blend into your decor. Our compact amplified controllers save rack space while delivering powerful performance. From stereo setups to Hyperreal sound, we cover all bases with the best audio quality.

Your Trusted Partners

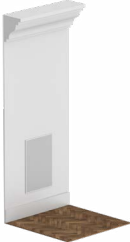

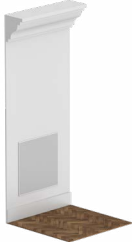

Our dedicated team specializes in the Home and Yacht markets, offering comprehensive design and calibration services. We ensure seamless integration with third-party control systems like Crestron, Control4, and Savant. Partner with our network of Certified Providers for top-tier service. As CE-DIA members, we stay updated on the latest trends in home and yacht technology, while our HTA membership guarantees support from the highest level of integrators. Visit our showrooms in London, Paris, and Los Angeles to experience our solutions firsthand.
